EXCITING NEWS!! RENOVATIONS UNDERWAY!!

We are extremely excited about what's happening at Blountstown Health and Rehab! We have started renovating the 300 hallway on the West wing as well as the 200 hallway. The 100 hallway and nurses station is on schedule for September 5. We will be renovating the East Wing, also. Other areas that will be addressed: Restorative dining, living room (bird room), and resident rooms. Please be patient with us, since this will most likely be a 12-18 month process. We will keep you posted in our monthly newsletter. Thank you for your support!

Happy Birthday!

Coconut Day!

World Coconut Day is annually observed on September 2 to promote the versatile and vital role of coconuts. Coconuts are not only a rich source of nutrition (vitamins, minerals, and healthy fats), but also have industrial uses (oil and fiber). This day aims to raise awareness about the need for sustainable practices in coconut cultivation and the importance of preserving coconut groves for environmental balance. Here are three fun ways to celebrate World Coconut Day:

Coconut Tasting: Try different drinks and foods –such as coconut water, coconut milk, piña colada mocktails or coconut-based desserts such as macaroons or ambrosia.

Coconut Recipe Challenge: Organize a fun competition with friends or family, where participants prepare unique and delicious recipes that feature coconut as special ingredient.

DIY Coconut Crafts: Get creative by making coconut shell bird feeders, coconut-scented candles, or coconut shell planters. Go online for other easy-to-do ideas!

Remember, World Coconut Day is all about celebrating the versatility and learning the importance of coconuts while having a great time with friends and family!
